Assessment Centre information

There are 4 steps leading up to the main entrance, with access via a ramp to the left of the main door.

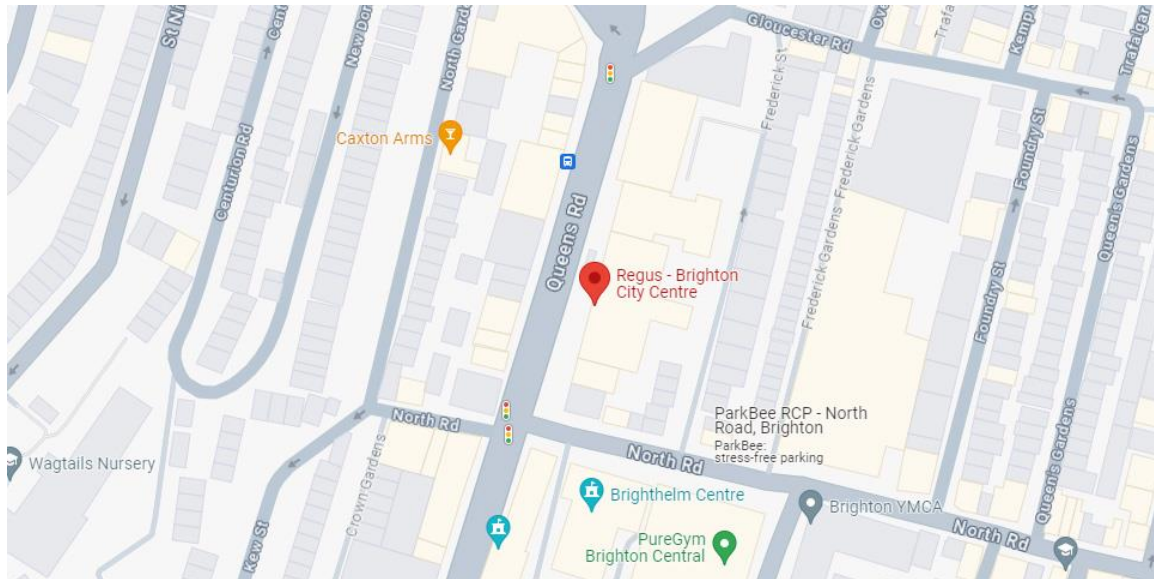

The Assessment Centre is located on the third floor and we do not have ground floor assessment rooms.

A lift is available, but in the event of an emergency evacuation of the building, the lift cannot be used and there are 24 steps to the ground floor.

If you think you would have difficulty going down the stairs unaided in the event of an emergency, please contact us at least two days before your assessment to make alternative arrangements.
